People like boys and don't like girls

She has a garland,
but no one likes it.
He has a garlands,
but everyone likes it.

She has a doll,
but no one plays with it.
He has a doll,
but everyone plays with it.

That's the matter,
that people like boys and don't like girls.
I don't like them who don't like girls.

Trees

Trees are the most important part of our life .
They give oxygen, wood, fruits, paper and
many more things. They take carbondioxide
and release oxygen. If there is no tree,
there is no rain. So save tree and
save life. So my friends, trees give us
many things so why we are cutting
trees? Plant trees and save life.
